

DENA YOUSEF

Project Coordinator

I am a **detail-oriented and solution-oriented** professional with experience in **coordinating tasks, supporting administrative processes**, and maintaining structured workflows in complex environments. I focus on **organizing information, ensuring accurate documentation**, and supporting the implementation and follow-up of processes.

I work systematically with data, reporting, and coordination, and I am comfortable **supporting cross-functional teams** to maintain **overview, track progress**, and ensure **follow-through** on tasks and actions working.
